

Thursday

Customers

Update:

We are looking to form new relationships with groups such as Cadas – a drug and alcohol rehabilitation charity in Barrow, the L'Arche community who work with adults with learning difficulties and people like Age Concern to try and bless more people with what Keppleway can offer.

We are also hoping to attract local schools and organisations here to Keppleway for Christmas activity days including a home cooked Christmas Lunch.

Prayer:

Pray that the right people in these organisations are contacted and good relationships are formed.

Pray for new schools and other groups to discover the wonders of Keppleway and thank God for our many faithful group who have already booked for 2019

Friday

The Community

Update:

We are looking to try and bless the older members of our community with what Keppleway can offer by introducing them to a range of outdoor activities.

Our holiday clubs have continued to be great fun for the local kids as well as a blessing for parents!

Prayer:

Pray for the elderly members of our community that we can bless them with activities and companionship.

Thank God that we have been able to welcome local children here and give them a really fun time as they explore and do new things.

Saturday

The Future

Update:

With the current financial climate, some of our Autumn customers haven't booked leaving us to tighten our belts over the Autumn and Winter period.

However, 2019 looks good with lots of groups already booked and with the promise of new groups to come.

Prayer:

Pray for financial wisdom and that groups book with us to cover our expenditure through this period.

Thank God for His faithfulness over the years in similar times and pray that He remains with us during this time.

Sunday

Kepplewray Team

Update:

Towards the end of the year is when we start thinking about and recruiting Activity staff for the following season.

Chris, Jack and our pool of freelancers have done a great job delivering the Activity programme for our guests over the 2018 season and the feedback from our guests regarding the residential side has been very positive

Prayer:

Pray for the right instructors to come along for 2019. Give thanks for our fantastic instructors and the residential team who are able to bless our groups so richly. Pray for the whole team during this tricky financial time that there will be a really positive sense of unity and common

Monday

Kepplewray Facilities

Update:

This time of year is a great time for maintenance of the building. The dining room has received some much needed love in the form of newly decorated walls and ceiling and we will continue to update the rest of the Centre as time and finances allow.

Prayer:

Pray for wisdom and enthusiasm as we get on with some much needed renovation. Give thanks for quieter times to do these jobs. Give thanks for the decoration of the dining room, making it a nicer place to be for our guests.

Tuesday

Relationships

Update:

We are trying to bring Kepplewray more to the forefront of our community by reaching new groups and being involved in different ventures.

Our Holiday Club continues to prove successful introducing locals to the wonder of activities in the area. We are currently exploring building relationships with other suppliers of activities to see if we can broaden the programme offering at Kepplewray and therefor attract new guests to the Centre.

Prayer:

Pray for our ongoing good relationship with the community of Broughton and pray that more people will be blessed by Kepplewray.

Wednesday

Funding and Finance

Update:

Some funding has been generously donated for our proposed new zip wire and we are waiting to hear from a large number of other grant awarding bodies about further funds.

As we move into our winter period the number of groups using the Centre lessen which means finances will be tight. This has been compounded by a couple of large groups not rebooking this Autumn.

Prayer:

Give thanks for funding coming in for the zip wire and pray for more successful bids. Also pray for funding and payments to come when required during the quieter winter months so that we may emerge into spring.
